In this catalogue, the most important projects from the print sector that are in demand in the clubs were implemented. Of course, formats and occasions will be missing. This collection lives from suggestions that are brought in from the clubs.

The layouts will be available on the service portal of KIWANIS Europa from 1.2.2020. There you can download the data for self-editing (either with German text or with placeholder text). The .zip files contain all elements (images, fonts). The layout data was created with InDesign and saved in two versions.

The portal can either be accessed via www.kiwanis-europe.eu.

If a club or other Kiwanis organisation is not able to adapt the data for their own club, Thomas Schickentanz and his agency are available for this purpose.

The same applies to printing. The offers can be ordered at the listed prices.

The simplest individualization is done with the logo. If the club does not yet have a logo according to the corporate design specifications, this will be created.

Questions and suggestions are welcome.

The open working files are set, so that the layouts can be edited independently with InDesign, Illustrator, Photoshop.

All necessary data (fonts, images) are provided.

When editing the layout yourself, make sure that the correct logos are used.

It will take some time until all data is prepared.

Layout- typesetting service possible, for deliveries to EU countries additional Postage charges arise, outside EU the customs clearance is in the hands of the recipient.

When ordering including typesetting and layout services, the invoice will be made out in advance.
