STRATEGIC GUIDELINES 2025-26

The 2025-26 administrative year marks a crucial moment for Kiwanis International Europe (KI-E): it will be the launch of a three-year strategic path (2025-28) with the goal of transforming KI-E into an operational hub region.

A NEW, YOUNG MOVEMENT IS EMERGING

Under the leadership of Tasha Del Percio as Chair (KC E-Space Mittelland / Switzerland), KI-E has launched a new project group: the young, dynamic, and pragmatic **Visionary Leadership Team**. Its mission? Rejuvenation! And to raise awareness of Kiwanis among young target groups aged 18 to 25.

Performance driven, they currently consist of 13 Kiwanis members from all over Europe and have already successfully tackled their first task: setting up a TikTok editorial team with the aim of regularly providing European districts with content for this young and dynamic social media channel. A first "kick-off video" is planned for January 2026.

TO EVERYTHING WE ACHIEVE TOGETHER!

As the year draws to a close, I would like to thank you all for everything you do for Kiwanis and, above all, for your tireless efforts to help as many children as possible grow up in a healthy environment.

POSITIVE NEWS AT THE START OF 2026

Thanks to the 2025-2026 European Strategic Plan and to the actions introduced in this initial phase, we can observe concrete and encouraging results. Since the beginning of the administrative year:

- **5 new clubs have been opened**, including **2 Voices Clubs**, reflecting our commitment to engaging younger generations and diversifying participation models;
- **we have recorded a net gain of approximately 400 new members**, reversing for the first time in many years the negative trend.

These results are very likely the first positive effects of the European strategy launched this year: incentives to sponsoring clubs and greater attention to the quality of new clubs, the introduction of Voices Clubs, listening to younger members through the *Visionary Leadership Team*, and a renewed coherence in our service project portfolio (supporting TPP Campaign).

A PROMISING FUTURE FOR KIWANIS IN EUROPE

From May 1 to 3, Kiwanis Europe gathered its youngest members in the beautiful city of Lisbon for the European Young Kiwanis Summit (EYKS). What unfolded over those three days was both heartening and inspiring—a reminder that the values at the heart of our organisation are alive and well in the generation that follows us.
